## Regarding - Senate Bill 236 to Abolish Capital Punishment:

I am Superintendent of The Montana Assemblies of God, a fellowship of 82 churches, represented by 17,000+ adherents, located across Montana. We are speaking against the bill to abolish capital punishment because we believe that capital punishment is biblical for certain crimes.

If there is a problem with the current process of appeals and evidence, that needs to be revised as a separate issue.

Sincerely,

Alan Warneke  
District Pastor/Superintendent
